# ChrëschtKëscht Catalogue

A hand is shown holding a brown Christmas stocking. The stocking features the 'FRËSCH KËSCHT' logo, which includes a red Santa hat icon to the left of the word 'FRËSCH' in green, and 'KËSCHT' in red below it. The background of the stocking is white with faint reindeer antlers and a holly leaf. The entire scene is set against a warm, blurred background of a fireplace with a fire burning.

100% luxembourgish gifts for  
your company

Offer your customers, partners or employees an original gift for the holiday season - Christmas boxes containing only 100% Luxembourgish products. It's not only a holiday treat, but also a way to discover

the delicacies of our country.

## Why ChrëschtKëscht?

It's simple

It's luxembourgish

It's delicious

FräschKëscht was born in 2020 within the framework of the mini-company competition organized by the Jonk Entrepreneuren. From the beginning our objective was to support Luxembourgish economy and encourage people to consume locally. Thus, we decided to sell boxes with 100% Luxembourgish products delivered throughout the entire country. When starting up, only fresh products like fruits and vegetables were offered. Realizing that Luxembourg holds many more delicatessen, we decided to extend our offer in order to let customers explore.

After winning the contest, becoming the best Luxembourgish mini-company 2020, we made out of the FräschKëscht project a real company, which made us entrepreneurs besides our regular studies.

For us, it is of utmost importance to personally know our producers to be assured of their high product quality. Besides the ecological aspect of our business, we support social projects as well. For example, we work with the Tricentenaire Group or Yolande Coop, who collaborate with handicapped and intellectual disabled persons.
